DESIGN MERGER

The Art Deco and Memphis Milano styles of design are enchanting enough by themselves, but together they take aesthetics to exciting levels. The new **SASHA BIKOFF X ABNER HENRY** collection brings the iconic elements and playful energy of the movements to a grouping of wood furniture pieces that are both sculptural and functional. Inspired by Memphis Group founding member Nathalie du Pasquier, the Jacquie bench offers a fusion of shapes, instantly upgrading any room with its artistic sensibilities. abnerhenry.com/sasha-bikoff-collection
